THE undersigned would respectfully solicit the attention of dealers in and consumers of Coal in Milwaukee to our Card, as above. The Bolivar Coal is unquestionably superior to any other mined in Ohio, for Grate, Blacksmithing, Machinery, or Domestic purposes; and for Steam purposes, is superior to any except Briar Hill. It is peculiarly well adapted to Shipping, as its extreme hardness renders it capable of bearing any amount of handling, without waste. It can be afforded considerably cheaper than Briar Hill, and for most purposes, is better.

It is our wish to introduce the article, and we respectfully solicit orders, confident that a trial is only necessary to convince any of the truth of the above assertion.

INSURANCE OFFICES.

EMPIRE
INSURANCE COMPANY,
Union Springs, N. Y.
CAPITAL.........................$100,000.

THE Directors of the Empire Insurance Company feel confident that the plan of Insurance adopted by them will meet with a hearty response from a discerning public. Our Charter and By-Laws require that the applications received shall be divided into two or more classes. Dwelling Houses, and property of similar hazard, only, can be insured in the First Class, excluding Taverns, Work-shops, School-houses, Seminaries, Churches, and other kinds of hazardous property, usually taken in the so-called "Farmers' Companies," or "Farmers' Department." This will render the Farmer emphatically a "FARMERS' COMPANY."

They submit for the judgment of their fellow citizens the following summary of their plan of operations:

1. Policies will be divided into distinct classes, the funds of each class being kept separate, and each paying its own losses. The notes given in one Class are not liable for losses happening in the other.

2. Any applicant may at his option, pay a definite sum in full for his insurance, in lieu of giving his note.

3. The First Class to consist of dwelling-houses and other farm buildings and personal property therein. Not more than two-thirds of the value of any building to be insured; but the personal property therein may be insured to its cash value.

4. The Second Class to consist of Churches, School-houses, Seminary buildings, Work-shops, Taverns, Stores, Mills propelled by water power, &c., and personal property therein.

5. Not more than $3000 will be taken in one risk.

6. Steam Mills of all kinds, Distilleries, Cotton and Woolen Factories, Powder and Oil Mills, Furnaces, Machine Shops, and other extra hazardous property, will not be taken by this Company.

7. This Company will hold itself responsible for the correctness of all surveys, and other official acts of its authorized agents, thus ending all controversy [illegible] the [illegible] consequent liability of the Company.

8. Any policy holder may at pleasure withdraw from the Company by paying his share of the losses up to the time of such withdrawal.

9. This Company will adjust all claims with promptness and liberality, and if at any time a difference shall arise between the parties, the same may be settled by a mutual reference in the county where the loss shall have occurred.

10. Additional Stoves may be set up or moved from one room to another, without giving notice to the Company; also, such repairs as do not increase the hazard of the property, need not be noticed.

11. This Company will pay losses caused by lightning, whether the buildings are burned or otherwise damaged.

12. Should any more money be collected than sufficient to keep the company in a sound condition, it will be returned to the policy holders in proportion as each shall have paid in.

The Directors, in soliciting patronage for the *Empire Insurance Company*, do so in the firm conviction that the plan will be found as CHEAP and SAFE as any company can be made. In arranging their Rates of Hazard and the kinds of property to be insured in each class, they have sought to secure sufficient cash premiums to meet all losses, laying by the small notes taken as a Reserve Fund, which shall render the Company perfectly safe against all contingencies.

For a more definite and full view of their plan of operations, they respectfully invite an examination of their Rates of Hazard and Classification of Property to be insured.

NEW YORK
MUTUAL BENEFIT ASSOCIATION,
Union Springs, N. Y.

THIS Association is formed for the mutual relief of its members in case of sickness or accident. A careful examination of its principles and its beneficent objects, is respectfully solicited. The character and standing of the Board of Directors is a guaranty that the money received will be safely preserved, and faithfully devoted to the objects proposed. The progress of HEALTH INSURANCE within the past few years, in localities where its principles have been understood, and its beneficent results practically seen and felt, is unparalleled.

Men are literally binding themselves together to bear one another's burdens. No kind of Insurance can be so generally useful as that of Health; for most people are dependent upon it as the capital which enables them to procure the means of livelihood. Hence, when by disease or accident this is gone, all is gone; and either an unpleasant dependence on friends, or poverty and pauperism, is the consequence. It is not pretended that accident or the ravages of disease can be prevented; but by a wise forethought, a fountain may be provided, which, when the hand of affliction does come, will soften its asperities, and secure a comfortable support for yourself or family.

The cost of Insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last two years, this Company have issued 2000 Policies, and made but three assessments at a cost to the property insured, not exceeding two mills on the dollar. CHAPTER XII.

Concluded.

At length, one afternoon a little before sunset, when the bright groups of figures, which have for the last hour or two enlivened the Ghost's Walk, are all dispersed, and only Sir Leicester and my Lady remain upon the throne. Mr. Tulkinghorn appears. He comes towards them at his usual methodical pace, which is never quickened, never slackened. He wears his usual expressionless mask—if it be a mask—and carries family secrets in every limb of his body, and every crease of his dress. Whether his whole soul is devoted to the great, or whether he yields them nothing beyond the services he sells, is his personal secret. He keeps it, as he keeps the secrets of his clients; he is his own client in that matter, and will never betray himself.

"How do you do, Mr. Tulkinghorn?" says Sir Leicester, giving him his hand.

Mr. Tulkinghorn is quite well. Sir Leicester is quite well. My Lady is quite well. All highly satisfactory. The lawyer, with his hands behind him, walks at Sir Leicester's side, along the terrace. My lady walks upon the other side.

"We expected you before," says Sir Leicester. A gracious observation. As much as to say, "Mr. Tulkinghorn, we remember your existence when you are not here to remind us of it by your presence. We bestow a fragment of our minds upon you, sir, you see?"

Mr. Tulkinghorn, comprehending it, inclines his head, and says he is much obliged.

"I should have come down sooner," he explains "but that I have been much engaged with those matters in the several suits between yourself and Boythorn."

"A man of a very ill-regulated mind," observes Sir Leicester, with severity. "An extremely dangerous person in any community. A man of a very low character of mind."

"He is obstinate," says Mr. Tulkinghorn.

"It is natural to such a man to be so," says Sir Leicester, looking most profoundly obstinate himself. "I am not at all surprised to hear it."

"The only question is, pursues the lawyer, whether you will give up any thing."

"No, sir," replies Sir Leicester. "Nothing. *I* give up?"

"I don't mean any thing of importance—That, of course, I know you would not abandon. I mean any minor point."

"Mr. Tulkinghorn," returns Sir Leicester, "there can be no minor point between myself and Mr. Boythorn. If I go farther, and observe that I can not readily conceive how any right of mine can be a minor point, I speak not so much in reference to myself as an individual, as in reference to the family position I have it in charge to maintain."

Mr. Tulkinghorn inclines his head again. "I have now my instructions," he says. "Mr. Boythorn will give us a good deal of trouble——"

"It is the character of such a mind, Mr. Tulkinghorn," Sir Leicester interrupted him, "to give trouble. An exceedingly ill-conditioned, leveling person, a person who, fifty years ago, would probably have been tried at the Old Bailey for some demagogue proceeding, and severely punished—if not," adds Sir Leicester, after a moment's pause, "if not hanged, drawn, and quartered."

Sir Leicester appears to discharge his stately breast of a burden, in passing this capital sentence; as if it were the next satisfactory thing to having the sentence executed.

"But night is coming on," says he, "and my Lady will take cold. My dear, let us go in."

As they turn towards the hall-door, Lady Dedlock addresses Mrs. Tulkinghorn for the first time.

"You sent me a message respecting the person whose writing I happened to enquire about. It was like you to remember the circumstance; I had quite forgotten it. Your message reminded me of it again. I can't imagine what association I had with a hand like that; but I surely had some."

"You had some?" Mr. Tulkinghorn repeats.

"O yes!" returns my Lady, carelessly. "I think I must have had some. And did you really take the trouble to find out the writer of that actual thing—what is it!—Affidavit?"

"Yes."

"How very odd!"

They pass into a sombre breakfast-room on the ground-floor, lighted in the day by two deep windows. It is now twilight. The fire glows brightly on the paneled wall, and palely on the window-glass, where, thro' the cold reflection of the blaze, the colder landscape shudders in the wind, and a gray mist creeps along: the only traveller besides the waste of clouds.

My Lady lounges in a great chair in the chimney-corner, and Sir Leicester takes another great chair opposite. The lawyer stands before the fire, with his hand out at arm's length, shading his face. He looks across his arm at my Lady.

"Yes," he says, "I enquired about the man, and found him. And, what is very strange, I found him——"

"Not to be any out-of-the-way person, I am afraid!" Lady Dedlock languidly anticipates.

"I found him dead!"

"O dear me!" remonstrated Sir Leicester. Not so much shocked by the fact, as by the fact of the fact being mentioned.

"I was directed to his lodgings—a miserable poverty-stricken place—and I found him dead."

"You will excuse me, Mr. Tulkinghorn," observes Sir Leicester, "I think the less said—"

"Pray, Sir Leicester, let me hear the story out;" (it is my Lady speaking) "It is quite a story for twilight. How very shocking! Dead?"

Mr. Tulkinghorn re-asserts it by another inclination of his head. "Whether by his own hand——"

"Upon my honor!" cries Sir Leicester. "Really!"

"Do let me hear the story!" says my lady.

"Whatever you desire, my dear. But I must say—"

"No, you mustn't say! Go on, Mr. Tulkinghorn."

Sir Leicester's gallantry concedes the point; though he still feels that to bring this sort of squalor among the upper classes is really—really—

"I was about to say," resumes the lawyer, with undisturbed calmness, "that whether he had died by his own hand or not, it was beyond my power to tell you. I should amend that phrase, however, by saying that he had unquestionably died of his own act; though whether by his own deliberate intention, or by mischance, can never certainly be known. The coroner's jury found that he took the poison accidentally."

"And what kind of man," my lady asks, "was this deplorable creature?"

"Very difficult to say," returns the lawyer, shaking his head. "He had lived so wretchedly, and was so neglected, with his gipsy color, and his wild black hair and beard, that I should have considered him the commonest of the common. The surgeon had a notion that he had once been something better, both in appearance and condition."

"What did they call the wretched being?"

"They called him what he had called himself, but no one knew his name."

"Not even any one who had attended on him?"

"No one had attended on him. He was found dead. In fact, I found him."

"Without any clew to anything more?"

"Without any; there was," says the lawyer meditatively, "an old portmanteau; but—No, there were no papers."

During the utterance of every word of this short dialogue, Lady Dedlock and Mr. Tulkinghorn, without any other alteration in their customary deportment, have looked very steadily at one another—as was natural, perhaps, in the discussion of so unusual a subject. Sir Leicester has looked at the fire, with the general expression of the Dedlock on the staircase. The story being told, he renews his stately protest, saying, that as it is quite clear that no association in my Lady's mind can possibly be traceable to this poor wretch (unless he was a begging-letter writer,) he trusts to hear no more about a subject so far removed from my Lady's station.

"Certainly, a collection of horrors," says my lady, gathering up her mantles and furs; "but they interest one for the moment! Have the kindness, Mr. Tulkinghorn, to open the door for me."

Mr. Tulkinghorn does so with deference, and holds it open while she passes out. She passes close to him, with her usual fatigued manner and insolent grace. They meet again at dinner—again, next day—again, for many days in succession. Lady Dedlock is always the same exhausted deity, surrounded by worshipers, and terribly liable to be bored to death, even while presiding at her own shrine. Mr. Tulkinghorn is always the same speechless repository of noble confidences; so oddly out of place, and yet so perfectly at home. They appear to take as little note of one another, as any two people, inclosed within the same walls, could. But, whether each evermore watches and suspects the other, evermore mistrustful of some great reservation; whether each is evermore prepared at all points for the other, and never to be taken unawares; what each would give to know how much the other knows—all this is hidden, for the time, in their own hearts.

[TO BE CONTINUED.]

Cannon cast at Janesville.—The cannon intended to be used here on the 5th, was cast at Budd's furnace on Monday last, and was a most successful experiment. It was rated as an eight pounder, 4½ feet long, 12½ inches in diameter, at the butt, with a bore of three inches, and weighs 1500 lbs. In casting, a ton of iron was required in the cupalo, which was melted in 25 minutes, and the cast completed in three-quarters of an hour. The patterns were made by Lester B. Moore, and the moulding done by Daniel McDougal, two workmen in the employ of Mr. Budd.—*Janesville Gazette.*

THE RISING TIDE.

The tide of popular enthusiasm, which in November next is destined to bear Scott and Graham in triumph to the Capitol, is rising fast in all quarters of the republic. Our exchanges come to us full-freighted with the proceedings of Ratification Meetings, all characterized by a spirit, zeal and determination unsurpassed, if not unequalled, in our political annals. In old Kentucky, whose delegates at Baltimore voted from first to last for Mr. Fillmore, the Whigs were never more wide-awake, more thoroughly united, or more certain of victory. The ratification meeting in Louisville last week exceeded, in numbers and in enthusiasm, any political gathering ever held in that city. The Louisville *Journal*, whose preferences were for Mr. Fillmore, thus speaks of this monster meeting and of the prospect in Kentucky:

"It far exceeded in numbers, and it greatly surpassed in enthusiasm, all the vast gatherings, the mighty mass meetings, held in Louisville during the memorable Presidential campaigns of former years. There was not one of the great Clay meetings of 1840, not one of the great Harrison meetings of 1844, not one of the great Taylor meetings of 1848, that could compare in magnitude or in spirit with this tremendous outpouring of the people for the ratification of the nomination of Gen. Winfield Scott and the Hon. W. A. Graham for the two highest offices of the Republic."

"We should be glad to be able to give abstracts of the eloquent speeches made upon the occasion, but we could not do them justice, nor could we give any adequate idea of the shouts which they called forth from the gathered thousands. If there have been any doubts hitherto as to the reception which Kentucky, glorious old Kentucky, would give to the Whig nomination, those doubts are dispelled and annihilated forever and ever.—We do not forget the overwhelming majority which Kentucky gave for Gen. Harrison in 1840, '*but we confidently believe that she will give a heavier majority for Scott and Graham than she has given for any candidate within the last quarter of a century.* A spirit is aroused in the hearts of the Kentuckians that nothing can withstand.'

"Boys, do you hear that?" Kentucky gave Gen. Harrison in 1840 *twenty-five thousand* majority, and the Louisville *Journal* promises that it will do even more for Winfield Scott!

Nor is Ohio behind Kentucky in the heartiness and unanimity with which she responds to the nominations of Scott and Graham. The "Buckeye State" is alive with ratification meetings, and all aglow with the camp-fires of the mustering Scott men. In Cincinnati a most earnest and enthusiastic concourse assembled on Monday week, to ratify the Whig nominations. Among the noticeable events of the evening, was the speech of a Mr. Gibbons, which is thus sketched in the *Gazette*:

Mr. Gibbons, an Irishman, and with all an Irishman's fervor in the cause he espouses, was the next speaker. He proceeded to give his reasons for supporting Scott and Graham in preference to the nominees of the Democratic party, so called. Scott, though a staunch Protestant, was a Catholic man—Catholic, in that his soul was large enough to tolerate every form of honestly entertained religious belief. [Applause, and cries of "sure and aint we all going for him!"] When the corrupt and perjured English government would with characteristic cowardice in crushing a fallen foe, have shot the Irish prisoners taken in the last war with that country, Gen. Scott stood upon the quarter of an English man-of-war—dy'e mind that, boys?—*on an English man of War*—and told the epauletted hirelings of that damnable government, that *for every Irishman shot, two British officers should bite the dust!* [Enthusiastic and long continued cheers for Scott.] That dauntless bearing saved my countrymen. And can I forget the magnanimous actions of the conqueror of Mexico, who secured to a vanquished people all the rights of property and—more than this—all the rights and privileges of free and unrestricted worship? Never! Gentlemen, my father fought under Gen. Scott on the battle field, and, if it please God, I am going to fight for him in this political campaign. [Cheers.]

Mr. Gibbons alluded to the clause in the Constitution of New Hampshire—that State in which Gen. Pierce is said to have been the leading politician—disfranchising all of his faith, and declared that the arch-enemies of his dearly loved Ireland—Lord Lyndhurst (hisses) or Lord Clarendon, (groans) or the Duke of Wellington—should as soon receive his vote as this same Franklin Pierce.

The Cincinnati *Times*, a neutral journal, in describing the proceedings of this meeting, says:

Upon the whole, the demonstration was quite encouraging to the Whigs of this city. It exceeded in numbers the ratification of the Democracy, held a few evenings since in Court Street square, and was far more enthusiastic. One feature in it was observed by every body. A large portion of the crowd was composed of Irishmen, who have heretofore acted, almost to a man, with the Democratic party. They were not only present, but were among the most enthusiastic in the cheering. This would seem to indicate that a large portion, at least, of the Irish voters of this city intend to "bolt," and go it "*Scott free.*"

This "feature" is by no means peculiar to Ohio. We saw it equally prominent in New York. And as the campaign progresses, it will become more and more conspicuous all over the Union. Gen. Scott will receive a very large vote from our adopted fellow citizens, whether Irish, German, Hollanders, English or French. They know that he has served his country faithfully for 45 years; that he has battled manfully for the honor of the American flag, and the rights of the American people; and that the citizens of this great republic, whether native or foreign born, owe him a debt of gratitude which they intend to pay, *with interest*, in November next. In this campaign, as in the war of Mexico, to use the language of Gen. Scott, our Irish, German, and other adopted citizens will be seen, "vying with each other, and "our native-born soldiers in the same ranks, in "patriotism, constancy and heroic daring."

The Scott Feeling in Michigan.—Gen. John R. Williams, one of the prominent Democratic politicians, and for several years Mayor of Detroit, supports the election of Scott and Graham, and is one of the Vice Presidents of the Detroit Scott Club. Maj. Jonathan Kearsley, of Detroit, who was badly crippled in the defence of his country, and a leader in the Democratic ranks, is for Scott. These are important accessions to the Scott phalanx, and an indication of public sentiment in the North-west.

Scott Club.—The call for Volunteers to form a Scott Club will no doubt attract the attention of the *working-men* in the Scott ranks. The campaign must be a vigorous one, and Victory will be its sure reward.

Quick Trip.—The new Steamboat Francis R. Skiddy has made the run from N. York to Albany (145 miles) in six hours and fifty-five minutes—the quickest ever made on that river.

A Soldier's Testimony.

Capt. Huguenin, of Chicago, has addressed the following letter to the *Journal* of that city, concerning Gen. Scott's interference in behalf of the Irish soldiers, taken prisoners at the battle of Queenstown:

Editors Chicago Journal:

Gents:—In your paper of yesterday, I notice a statement concerning Gen.—then Lieut. Col.—Scott's conduct towards the prisoners of foreign birth captured by the British at the battle of Queenstown, in 1813, and his heroic conduct on the occasion.

Having been myself in the frontier war under Gen. Scott in 1812–13, I am personally acquainted with the particulars concerning it, and can fully attest to the truth of the statement referred to.

When the selection of foreigners was sought to be made, Gen. Scott was playing a game of chess with my brother, Lieut. Dan'l Huguenin. Hearing the noise on deck, Gen. Scott rushed up, and learning the cause, forbade in the most peremptory manner, another man from saying a word, lest their accent should betray the place of their birth, and assured those selected, that if the British government *dared* to execute a man of them, their death should be avenged.

When Scott arrived at Quebec, he was offered his parole, but refused it unless it was given to his officers also. It *was* refused, and he was confined with them in the prisonship. He was likewise invited to dine with the Commander of the Citadel, and accepted only on the above condition.

The prisoners retained as hostages for those sent to England of foreign birth to be shot for treason, were taken at Fort George, where I was under Gen. Scott's command, and was an eye witness to his heroism, and the kind attention to his soldiers.

Robt. Huguenin.

The following are the names of the 23 Irishmen referred to in the above letter viz.

Henry Kelly, Henry Blaney, Geo. McCommon, Joel Dolton, Michael Condon, John Clark, Peter Bun, Andrew Doyle, John McGowan, James Gill, John Fulsom, Patrick McBrabarty, Mathew Mooney, Patrick Karns, John Fitzgerald, John Wiley, John Donnelly, John Curry, Nat Shally, Ed McGanigan, John Dinnue, John Williams, Geo. Johnson.

☞ The *News*, having published Mr. Cobb's letter, distinctly denying that Mr. Greeley had written the abusive language relative to General Scott, ascribed to him by certain papers, we do not know that anything further is necessary on our part. The whole truth about the matter is well understood by the public. The *Register* was told by somebody, that somebody else had informed him that, in 1848, Mr. Greeley had written to some one else a letter in which certain specified language was used relative to Gen. Scott, to the best of somebody's recollection—the letter not being in existence. Mr. Greeley pronounces the letter a forgery, and says he never wrote any such stuff. Notwithstanding this denial, the opposition press generally insist upon circulating the forgery. The "gentleman in Cayuga Co." to whom the letter was said to be written, recollects a letter written to him, but explicitly denies that it contained the language stated by the *Register*. And still the opposition press, the *News* included, circulate the slander. Doubtless they will reap a brilliant return from their investment.

Fact vs. Fiction.—Our imaginative neighbour of the *News*, in its fanciful account of the Whig meeting, delivers the two following flights from its "long-bow":—

But it was because the name of Daniel Webster, like that of Millard Fillmore, is distasteful to the Whigs of Milwaukee. The *Sentinel* Office has given out that these eminent Whigs are to be ostracised because of their national principles; and the Whigs of Wisconsin are expected to follow the one of Mr. King, Mr. John Fillmore & Co. * * * * * It is not a matter of surprise that the attempt of the whig party at Baltimore to nationalize itself, to rescue it from the hands of such abolition agitators as Seward, Johnson & Co., should be repudiated by the dictation of the *Sentinel* clique; and that resolutions *prepared in that office*, should be substituted in place of those prepared at Baltimore, &c., &c.

As a sample of the manner in which "the *Sentinel* has given out" that Messrs. Webster and Fillmore "are to be ostracised," we quote and commend to the *News* the following specimen of the resolutions "prepared in that (the *Sentinel*) office":—

Resolved, That we cheerfully record our warm approval of the able, pure and patriotic administration of Millard Fillmore, dignified, conservative and national—just and firm its foreign policy; directed by the giant mind of Daniel Webster, and in domestic affairs, wise and conciliatory, it has commanded the respect of other nations, and at home gained the applause and approbation of the American people.

One of the Scott Papers.

The *Northern Republic*, the staunch Whig paper at Portage City, has been decidedly in favor of Mr. Fillmore's nomination. Since Gen. Scott has been brought before the people as the candidate, however, it comes in "with a rush." In the leading article of the last number, occurs the following, concerning Gen. Scott:

The aspersions and calumnies, that are hurled at him, from our opponents, will fall hurtless to the ground. They have villified and scandalized him, but he stands forth more conspicuous now than ever before—he resembles some great and mighty Alp seated on the immovable basis of ages, upon whose tops the lightnings play, and the thunders howl, against whose sides the rain and storm may beat; but when the elemental strife that had surrounded it, and the darkness that had enshrouded it, has passed away, there it stands, unaltered and unscathed.

That's the talk! There's no mistake as to who that man is for!

An Excellent Suggestion.—A movement is being made at Sandusky and other Lake Erie towns for a suitable monument upon Gibraltar Rock, in Put-in Bay, to the memory of the gallant men who fell at that place in the war of 1812, when Perry defeated the British fleet, under Commodore Barclay. The rock springs precipitously from the lake to the height of 40 feet, and it is proposed to raise the monument 60 feet higher.

Faster Yet.—The crack steamer *Northern Indiana* has just *beaten herself*! as we see by the Buffalo *Express* of the 5th. She left Buffalo on Friday night last, at 10 o'clock 20 m., and arrived at Monroe at 12 o'clock next day—stopped at Monroe 1 hour 15 m., and on her return to Buffalo stopped at Dunkirk. She arrived at Buffalo on Sunday morning at 3 o'clock, making the trip around, 540 miles, in 28 hours 50 m.,—or deducting her stay at Dunkirk, (2h. 15m.) in 26 hours 35 m, running time.

This will give an idea of the speed of this magnificent craft.

Invaluable Testimony.—The Pittsburg *Union* an earnest "Pierce & King" paper, in its anxiety to make capital for its candidate for President, brings forward Hon John Henderson, of Mississippi—formerly U. S. Senator, and latterly a plotter in the Cuba invasion—to bear his testimony. Mr. Henderson lately delivered a speech at the Capital of his State, in which he urged in Mr. Pierce's favor that he was "the soundest man on the slavery question he was acquainted with North of the Potomac"!

The Aztec Children.—A habeas corpus has been asked for in Philadelphia by a person named Raymondo Selva, who claims that the "Aztec children" are held by those who exhibit them, in opposition to the wishes of their parents—these latter reside in San Salvador, and are named Burgois. The children were born in San Miguel in the state above named.

"The Sovereign of the Seas."—This name has been given to the mammoth clipper ship lately builit at East Boston for a New York firm, and to register 2421 tons. Her length over all is 265 feet, breadth 42 ft., depth 23½ ft. The diameter of her foremast is 41 inches, and mainmast 42 inches. Height of foremast to top of pole 159½ ft., of mainmast 226½ ft. Her mainyard is 90 feet long and 24 inches in diameter.

☞ A Destructive Fire occurred at Niles, Michigan, on Saturday night last, (3d inst) which resulted in the loss of about $20,000 worth of property. The conflagration was occasioned by a fire-cracker, thrown by an unlucky boy under a Cabinet Shop.

Cholera.—The *Empire City*, from Havana at N. Y, brought news that the *Philadelphia* was at Key West, with the cholera on board; 40 passengers had died, among them Mr. Birdsall, the the U. S. mail agent.

For the Daily Sentinel.

THE CELEBRATION OF THE FOURTH.

Messrs. Editors:—

You as well as all the American citizens of Milwaukee are aware of the unchristian attempt on the part of some Germans, and contrary to the American custom, to celebrate the 4th of July on Sunday instead of the appointed day in our daily prints. It is unnecessary to notice conduct so scandalous and offensive to every good and law-abiding citizen of the United States and to all christians of every denomination: but the particular attention of all true American citizens is called to the following:—There is a portion of Germans in our city *professing* no christian belief and therefore not attaching themselves to any particular denomination, and whose efforts are directed against Christianity in all its forms by applying their infamous principles in all questions relating to Religion and Society, not only in their native country, which they were consequently compelled to leave, but also in our own happy Republic, where they were forced to seek an asylum. They sometimes identify themselves with the Radicals in politics, and are endeavoring in every possible way to overthrow all Laws enacted by the Founders of this Republic, having for their object the protection of Religion or Society. One of these laws requires the general observance of Sunday throughout our happy Union by allowing each citizen to *worship* God according to the dictates of his own conscience, and hence all good American citizens, whether native born or adopted, will observe this law as well as all others binding upon them as citizens, and not *abuse* this great privilege by *insulting* God, which is not recognized by our laws. Hence, Messrs Editors, I would particularly request all Americans to distinguish *this* portion of Germans residing amongst us from a very large and respectable class who *profess* the Christian Religion in some form or other. Out of regard for their name as good citizens it would be well to state, that I am informed the Rt. Rev. Bishop Henni directed his Clergy on Sunday, the 4th of July, to caution their people from participating in any such violation of the Laws of their adopted Country, as *custom with the Americans* had fixed the day for commemorating the Declaration of Independence. This better class of the Germans surely merit the appellation of Conservative, or rather American.

The Feeling in Ohio.

Piqua, O., July 1st, 1852.

Messrs. Editors:—In accordance with my promise, I scribble you a few lines, being now at *anchor* for a few days. The political horizon, so far as my observations have extended, is propitious. There is but an occasional murmur to be heard in the Whig ranks; and the very few murmurs now heard, will be hushed before the election comes off.

In passing through a portion of Michigan, I heard enough to give me an index to the public sentiment in relation to the Presidential candidates. Scott was almost the universal choice there, and the Whigs were abundantly satisfied with the results of the Convention. The Democrats did not appear to be so well satisfied. Their choice was Cass. In Detroit I was informed they had not held a ratification meeting, but would hold one as soon as Cass came home.

In this State, (Ohio) there were many in favor of the nomination of Fillmore, but they have yielded their preferences to the decision of the Convention, and will, without exception, enter cheerfully into the support of Gen. Scott. There seems to be every indication that Ohio will make ample amends for having gone astray at the last Presidential election, and that she will, as in times gone by, again take her stand in the line of Whig States. This is where she properly belongs, where she has always been found at Presidential elections, with the one exception, and where she will be found at the close of the approaching contest.

While passing down the St. Clair River, our steamer passed by a lot of men at work in the water near one of the banks; they were of the class of men who labor, and who of all others are the most useful, honest, and numerous. As we glided by them at some distance, they threw up their hats and gave three hearty cheers for Scott. I mention this merely to show that all classes are awake and ready to enlist under the banner of the great General and Statesman. "Straws show which way the wind blows."

This place, like every other in the whole country, is now mourning the death of Henry Clay, and is making preparations for a public tribute to his memory, when they may join with the friends of true greatness throughout the world, in offering up some evidence in a public manner, of their heart-felt grief at the loss to *mankind* of so great and good a man.

If there should be any thing to write about, I may write you again before my return.

Yours truly, T. R. M.

Gen'l Scott to be Vindicated.—After Winfield Scott had carried the American arms through the campaign in Mexico, and hoisted the American flag on the walls of her Capital, the petty malignity of his political enemies attempted to disgrace him, by depriving him of the command, and ordering him before a courtmartial. It was in reference to this that Daniel Webster, on the 23d March '48, spoke as follows in the Senate:

"I understand, sir, that there is a report from General Scott; from General Scott, a man who has performed the most brilliant campaign on recent military record; a man who has warred against the enemy, warred against the climate, warred against a thousand unpropitious circumstances, and has carried the flag of his country to the capital of the enemy, honorably, proudly, humanely, to his own permanent honor, and the great military credit of his country. General Scott! and where is he? At Puebla! at Puebla, undergoing an inquiry before his inferiors in rank, and other persons without military rank; while the high powers he has exercised with so much distinction, are transferred to another. I do not say unworthy of them, but to one inferior in rank, station, and experience to himself."

There are thousands of American citizens whose blood boiled at the indignity thus offered to Winfield Scott, and who resolved to aid in his vindication when the time should come. That time is coming, boys! Up, and at them!

Mr. Webster.—The N. Y. *Courier & Enquirer* while it deeply regrets the failure of Mr. Webster to receive the nomination of the Convention, puts an effectual quietus upon the rumor industriously set afloat by Loco Foco press, to the effect that that gentleman would allow his name to be used as a third candidate. The *Courier* says:

We know that great man too well to believe that after his claims have once been adjudicated by a National Convention, he will ever suffer an appeal to be taken in his behalf to the people. His pride of character as a man and as a Whig would forbid it. If he should be consulted personally, we have no doubt that he would unhesitatingly aver it to be the *duty* of his friends to renounce all such ideas at once and forever. Are these admirers of Mr. Webster wise in seeking to honor him by thrusting him in a position which in his own estimation he could not assume without dishonor? We fear that their love for Mr. Webster is, in this respect at least, more ardent than considerate.

A High Compliment.—The Rev. William E. Channing, in 1838, gave the following opinion of Gen. Scott:

"To this distinguished man belongs the rare honor of uniting with military energy the spirit of a philanthropist. His exploits in the field, which placed him in the first rank of soldiers have been obscured by the purer and more lasting glory of a pacificator, and a friend of mankind."

☞ The river is very low and still falling. We learn that the steamboats have great difficulty in reaching St. Paul, as the recent high water has deposited many sand-bars above the mouth of the St. Croix.—*Crawford Co. Courier.*

☞ The little steamer "Jenny Lind" came through from Fox River, and arrived Monday, in company with the Blackhawk. She is now below: we did not learn her destination.—*Ibid.*

☞ The Democratic papers call Gen. Scott "Old Fuss and Feathers." It is very true, that, at the occurence of almost every great "fuss" during the war with Great Britain, the Florida war, the Black Hawk war, and the Mexican war, Gen. Scott was in the midst of it, his tall feather gleaming like a meteor high over the scene. Call him Old Fuss and Feathers if you like.—*Louisville Journal.*

City Matters.

The Theatre.

The new play of "Ingomar" was performed for the first time in Milwaukee on Tuesday evening: Miss Dean and Mr. Perry sustaining the leading characters. The plot is novel and interesting: the dialogue spirited, and many of the scenes exceedingly effective. Miss Dean's personification of "Parthenia" was a rare treat. She looked and played the part to the life, and none marvelled that beauty, grace and talent like hers should subdue and soften the rough nature and rude manners of "Ingomar." Mr. Perry sustained himself well and contributed in no small degree to the enjoyment of the audience. In the amusing afterpiece "A Duel in the Dark," Mrs. Rice and Mr. Stone played with great spirit and elicited much applause.

"Ingomar" will be repeated *this* evening, together with the clever vaudeville of "Delicate Ground," Miss Dean and Mr. Perry in both pieces. As Miss Dean's engagement lasts but three evening's longer, we would advise the Theatre-going public to improve this brief opportunity of seeing the most attractive actress on the American Stage.

Milwaukee Brick.—An order for 80000 of our friend Burnham's best brick has been filled by him, to go to Buffalo. It is to be put into a handsome dwelling-house in the upper part of Main-st, in that city.

The Sam Hale.—The fast-sailing clipper *Sam Hale*, Hugh Shorts, master, put out for Buffalo on Tuesday night at about 12 o'clock with a cargo of 17500 bus oats and 30000 pressed brick, on her *fourth* trip for the season.

☞ A magnificent thunder-storm, attended with copious and refreshing rains, passed over our city during Tuesday night. For two hours, or more, the flashes of the lightning were incessant. The rain was much needed.

Concert.—The Sacred Music Society give a public Concert at the Free Church, on Main-St., *this* (Thursday) evening. The programme will be found in our columns and the quality of the entertainment ought to attract a full house.

Attempted Suicide.—A young girl residing in the 2d Ward, made an attempt on Tuesday night to commit suicide, by cutting her throat with a case knife. The wound was not such as to result in death.

☞ The *Pacific*, Capt. Howe, is as busy as a bee just now. She leaves here every evening for Chicago, and returns next morning with the mail, &c. The *Telegraph* makes the connection for that line with Sheboygan, for the present.

Drowned.—Two Germans, named *Charles Heing* and *P. Behm* were accidentally drowned in the Canal on Tuesday last, while bathing.

☞ The *Globe*, Capt. Peatt, left for Buffalo last night, with a good load of passengers and freight.

Furniture Sale.—Wall has a large sale of excellent furniture this morning, opposite his store, at 10 o'clock.

The Elkhorn Meeting.—The editor of the *Free Democrat* announces the result of the attempted grasp of the Walworth County Hunkers of the county loaves and fishes to have been a sad failure. They were outnumbered by the Free-soilers, and retired from the meeting in disgust.

☞ The *News* of yesterday labors painfully thro' two long columns to prove that the Whig Ratification meeting in this city was "not much of a shower after all." Candor compels us to say that its success is not commensurate with its efforts.

June Immigration.—During the past month there have arrived at New York from foreign ports 504 vessels, bringing 53,206 passengers. The number arrived at that port during the first six months of the present year, amounted to 162,553, against 151,863 in the same time last year.

Secretary Graham's Reply to the Letter announcing his Nomination.

Washington, June 24, 1852.

Sir:—I am gratified to acknowledge the receipt of the communication which you did me the honor to deliver in person on yesterday, announcing my unanimous nomination as the Whig candidate for the office of Vice President of the United States, by the National Convention which recently assembled in Baltimore, accompanied by a copy of the Resolutions of the Convention upon questions of National principle and policy.

I cordially approve the declarations made by these resolutions on matters of the most recent practical interest. They do but portray the conduct of an Administration of the Government, of which for near two years I have been a member. On all other matters they but reiterate the doctrines and recommendations held by its Chief in important public communications.

Should the People of the United States give their sanction to the nominations of your Convention, so far as I shall be invested with authority, a faithful adherence to these doctrines may be expected.

I therefore accept the distinction, so honorably tendered, with a grateful heart, but with unaffected diffidence. It is a satisfaction, however, to know that the place to which I have been nominated is but secondary, and that for the first office the Convention have proposed a citizen of tried patriotism and virtue, long and familiarly acquainted with public affairs and public men: a safe and sagacious counsellor, who has well fulfilled every trust heretofore committed to his hands, and who has illustrated our history by eminent public services.

With my thanks for the courtesy with which you have honored me, in the execution of your office, and with the highest personal respect, I am your obedient servant,

WILLIAM A. GRAHAM.

To the Hon. J. G. Chapman.
Pres't of the Whig National Convention.

Harbor and River Improvements.

Let us have a daguerreotype—a life sketch, of our noble lake lashed to foam, its waves mountain high, precipitating the good steamer *Caspian*, upon the piles and wharves, built by the private enterprise of our citizens.

Let then the murmurs of hundreds of passengers shut up in our hotels, because our works here did not shelter our Lake Craft, be voiced by the press.

And let the painter this morning transfer to the canvass, the wreck of the steamer *Caspian*, $50,000 destroyed in a night, for lack of Harbor Improvements, and let the country, the west, say whether they are for Pierce, and neglect of appropriations to River and Harbor Improvements, or for Scott and protection to the tars, to commerce and to life.—*Cleveland Herald.*

New-Orleans, Thursday, July 1.

The Whigs are holding a grand ratification meeting this evening; there is a great concourse, and much enthusiasm prevails.

The Vacant Senatorship.

Louisville, Friday, July 2.

Gov. Powel tendered the U. S. Senatorship, to fill the vacancy caused by Henry Clay's death, to James Guthrie, who has declined.

Washington, Friday, July 3.

House of Representatives.—The House took up the bill giving the right of Way, and a donation of public lands to Alabama, to aid in the construction of the Mississippi and Charleston—the Selina and Gunter's Landing—and the Tennessee and Winchester Railroads.

Mr. Cobb asked that the bill be put on its passage.

Mr. Stevens, of Penn, moved that it be laid on the table. Carried,—Yeas, 90; Nays 61.

Mr. Cobb, from the committee on public lands, to which had been referred the Senate bill granting to Ohio all the unappropriated lands remaining unsold in that State, recommended that it be laid on the table. Agreed to—ayes, 86, nays, 42.

Mr. Orr, from the same committee, reported a bill granting to Indiana the right of way and lands for a Railroad from Springfield, Illinois, to Madison, Indiana. Laid on the table.

Mr. Orr, from the same committee, reported a bill to establish three additional Land districts in Wisconsin. Passed.

The same gentleman reported a bill, giving the right of way and land to Indiana for a railroad from Springfield, Illinois, to Terre Haute, Indiana.

Mr. Jenkins moved, but the House refused, to lay the bill on the table—Yeas, 71, nays, 89—pending this business the morning hour expired.

We Have Heard of Him!—Our Canadian neighbors take some interest in politics on this side of the Lake. A Captain of a Canadian vessel trading at this port, inquired of a gentleman a few days since, with whom he was doing some business, as to whom the two parties had nominated for President. He was told the "Democrats" had nominated Pierce. The next question was—*Who is he?* The gentleman gave him as good an account of Young "Circumstances," as would permit. Well, said our Canadian neighbor,—Who have the other party nominated? Gen. Winfield Scott, was the reply. "Oh!" said he, "*we have heard of him on our side!*"—*Oswego Times.*

Wool Trade.—Since the beginning of this year, our imports of woolen goods have exhibited a steady and material decrease as compared with the corresponding months of 1851. In wools the diminution has been still greater, as will be seen from the following table, which gives the imports of the first five months of each year since 1848, viz:—first five months of

1848,	the imports were		11,560	bales	all sorts.
1849,	"	"	9,671	"	"
1850,	"	"	15,170	"	"
1851,	"	"	20,550	"	"
1852,	"	"	7,761	"	"

Our own clip of wool, it is now pretty well ascertained, will not be so large this year as it was last: all accounts from the interior concurring in the opinion that many sheep were lost by the severity of the past winter, and the fleeces, thus far delivered by the farmers at the gathering points of the interior, showing a falling off in the weight, as compared with their shearings of last year, seems to establish this fact beyond all controversy, and may, too, account for the advance in price since the opening of the season.

While, therefore, it is probable our own clip this year will not much, if at all, exceed that of 1850, (which was estimated to have been about 52,460,000 lbs.) it will readily be perceived that prices must go higher, and very materially so, should an export demand from Europe ensue, which is more than likely to occur.—*Shipping and Commercial List.*

Buffalo City Bonds.—The sale of Buffalo City 7's, ($130,000) took place at the office of Duncan, Sherman & Co., N. Y., on Wednesday, and amounted to about six times the amount asked for.

The whole loan was awarded to A. D. Patchin, of this city, at 110, who made another bid for the whole loan of one one-hundredth ¤ cent over any bid up to 116.—*Buff. Courier.*

Broke Down.—The steamer Ocean, which left here saturday evening, bound for Detroit, when about twelve miles above Grand River, Canada, broke her shaft and otherwise damaged her machinery. She was towed back by the Atlantic. It will take several weeks to repair the damage.

The steamer Iowa, which left Saturday evening, bound for Chicago, when off Barcelona, broke some parts of her machinery, and returned to port for repairs. She will leave again to-morrow.—*Buffalo Express 5th.*

☞ Copper.—The propeller Peninsula arrived yesterday from the Upper Lake regions, with 260 tons copper, said to be the largest load ever brought by any vessel to this port. A part of the copper is to be smelted at the copper works in this city—the balance goes to Pittsburgh.—*Cleveland Forest City.*

JOHNSON'S
CHEMICAL HAIR INVIGORATOR.

THE EFFICACY of this justly celebrated embrocation for invigorating, beautifying, and imparting a gloss and silken softness to the hair, is now so widely known and acknowledged, that it has gained, by its merit, a reputation which is not for a day, but for all time. It is the province of science to subdue and control those physical evils which refined civilization has brought in its train; for to late, warm rooms and tight hats, with the combined agency of other influences, exist, will thousands of unhappy victims be troubled with bald heads and grey hairs, to say nothing of the various cutaneous diseases to which the head is subjected. It was to relieve these evils that the

INVIGORATOR

was introduced.

For restoring the Hair to its original growth, or preventing it from falling out, this Compound has been pronounced by all Medical men to be a sure remedy.

For eradicating Scurf, Dandruff, and curing diseases of the Skin, Glands, Muscles, Stings and Bruises, it will always be found a safe, speedy, and unfailing cure; and so long as

"Fair tresses man's imperial race ensnare,
And beauty draws us with a single hair,"

will JOHNSON'S INVIGORATOR be essential to the toilet of every Lady and Gentleman who desire to give a soft, glossy, and luxuriant appearance to the natural drapery of woman's throne.

Thousands in the United States who have used this delightful medicine, have testified to its efficacy as a remedy for Pulmonary Affections.

Eight Thousand Five Hundred packages of this justly celebrated compound, were sold in St. Louis, from December 1st to February 28th; and from the testimony of the druggists of this city, the public may reasonably conclude that the inventor has been guided by the highest principles of medical science.

The Candy is neatly put up with directions for use. A handsome engraving of the Scottish Coat of Arms, and the written signature of Hamilton Wade, (proprietor,) is on the wrapper of each roll and package.

EXTRAORDINARY SUCCESS.
WHEREVER DR. STORM'S CELEBRATED SCOTCH COUGH CANDY has been introduced, the most extraordinary success has attended it. Four hundred thousand packages of this justly popular remedy have been disposed of since its first introduction into St. Louis, and the testimony of thousands can now be offered to prove its claim on your consideration, as one of the most elegant and useful compounds of the day. The proprietor hears of its beneficial effects from every quarter of the country and he feels encouraged to extend its sale throughout all America.

Price, One Dime per Roll; 3 Rolls for 25 Cents; or $1 per Doz. jy3 1m

DR. HOOFLAND'S GERMAN BITTERS.

This celebrated medicine is one of the very best in the country, and its good qualities only need to be known, to give it precedence over all others now in use. We have seen its good effects lately, after the total failure of many others. This is saying more than we can for any other medicine within our knowledge, and we feel it a duty to recommend the Bitters to the notice of our friends. The genuine is prepared by Dr. C. M. Jackson, Phila.

DRY GOODS AT WHOLESALE.
City Auction Room.

I AM now selling, at Private Sale, on the 2nd Floor of my Store, a complete assortment of STAPLE DRY GOODS, purchased at the lowest rates of one of the most extensive Importing Houses in the City of Boston, or in the United States.

Country Merchants and Pedlers, I invite you to come and examine my Goods before you purchase. I will sell them for a very small profit. I will show you what they cost, and I will let you have them at a moderate advance. I can sell at as small a profit as any one; for I have no one to divide the profits with. My terms, invariably, will be Cash, or 2, 3 or 4 mos. for undoubted Bank paper, with 7 per cent interest.

I know not how others sell their goods; and I have not a word to say against any of my fellow merchants—hope they will all do well and make money. I am determined to make it in a fair way, without injuring or saying aught to any one.

I also, will have a WHOLESALE AUCTION every Tuesday, at 10 o'clock.

I am also ready with Five to Six Thousand Dollars to purchase or advance on Goods. I am always ready to attend to all calls for sales in-doors or out-doors.

I would return my sincere thanks to my fellow Citizens for the liberal patronage they have shown me, and can assure them that any business in the Auction or Commission line entrusted to me, shall be met with that same promptness which I have done heretofore.

CHICAGO dependent upon MILWAUKEE

READ THE FOLLOWING:—
CHICAGO, June 19, 1852.
MR. S. JOHNSON JR., Milwaukee.

SIR:—For more than six years I have been severely affected with accumulation of dandruff upon the head, and have frequently applied to the most celebrated of your profession for relief; they have tried upon me a variety of specifics, but with no success, and I feared that it was incurable. I apprehended some scrofulous affection, so firm was the accumulation. About six weeks since I determined to use your preparation, known as the Chemical Hair Invigorator, but I expected no other advantage from the use of it than that of the perfumery or oil; but, much to my astonishment and gratification, I find my head completely free from dandruff, and my hair soft and healthy, an effect that has followed from the use of no other remedy. I use the preparation now but once a week, and find that my hair needs no other dressing. I believe I am entirely cured. I am so delighted at my good fortune in thus getting rid of what has been a source of serious annoyance, that I have determined to send you this evidence of the effects, and shall be happy at any time to bear testimony to the excellence and efficacy of your Chemical Hair Invigorator.

Yours, respectfully,
je22 D. R. HOLMES.

OLDER & CO.
WILL EXHIBIT THEIR CELEBRATED PERFORMANCES IN
MILWAUKEE,
ON SATURDAY, JULY, 10th, 1852.
Equestrian Manager..........W. Waterman.
Clown....................Pass Horner.

THE great popularity of this Establishment, and the general satisfaction given in the Performances, render an introduction scarcely necessary to the public. The Proprietors, however, would call attention to the fact that, in order to render their Exhibition still more attractive and worthy of patronage, they have engaged some of the most celebrated Equestrians in the world, and expended a vast amount of money in decorations, trappings, wardrobe and general paraphernalia, rendering their Circus the most pleasing, and containing the largest amount of talent ever seen in this country. Among the most prominent features of the entertainments given is the famous French Equestrian

MONS. GERMANI.
Better known as the JONGLEUR VOLTEUR, exhibiting a curious and interesting display of Equilibriums on Horseback.
The elegant, fascinating, and youthful Parisian Artiste,

M'LLE MARIETTA,
Has likewise been added to the Troupe, and will appear in her Grand Act of the Manege, with splendid illustrations of Lady Equestrianism. The beautiful school of horsemanship introduced by this lady has been adopted by all the distinguished Riders of Europe and this country. Her graceful and confident security in the saddle, even during the most wild and extravagant exercises of her steed; her chaste and appropriate style of riding; her tasteful costume, and her admirable dexterity in managing her high-bred courser, fairly entitle her to the position of *First Lady Equestrienne of the Age.* Her beautiful road Horse, trained by herself, is from the finest stock in Europe, and has been for years the greatest favorite at Franconi's in Paris. Ladies who desire to excel in this invigorating and graceful exercise, should not lose the opportunity of witnessing the achievements of this Artiste.

M'LLE HENRIETTA.
The accomplished Danseuse.

THE NOBLE STUD OF HORSES
Will be introduced in a grand Historical Cavalcade, entitled the DEFENCE OF THE DANUBE, in which all the principal riders of the troupe will appear in superb costume, trappings, housings, &c.

MR. W. WATERMAN.
Will ride a troupe of four horses in the character of a Grecian Charioteer, performing a number of rapid and scientific evolutions.

MR. H. BUCKLEY
Will exhibit his finished and brilliant act of Single Horsemanship, combining grace, courage and skill.

MR. W. CHAMBERS.
The great Scientific Rider from Welch's National Circus.

MR. W. COLE
Will give a practical illustration of Muscular Flexibility, in a great variety of dislocation and contortion feats.

ANTIPODEAN EXPLOITS
By Mr. SHEARS, on the Magic Ladder.
Exhibitions of sagacity and superior training, by the famous Trick Horse ALEXANDER.

MR. W. WATERMAN & MR. BUCKLEY
Will appear together on two horses, in a grand classic act, entitled the

OLYMPIA WRESTLERS,
in the course of which they will exhibit a number of difficult, graceful and pleasing attitudes, tableaux and evolutions, taken from the old Pictures.

THE GRAND CONTEST OF THE ARENA.
In which the entire company will contend for supremacy in Tumbling, Vaulting and Somersetting, will be given with surprising energy and elegance by some of the most accomplished Gymnists in the profession.

Added to these attractions, the interior of the Exhibition Pavilion will be fitted up and arranged in an elegant and commodious manner; a fine Band of Music will accompany the performances; a brilliant light will be diffused around every part; the most perfect decorum maintained, both in language, costume and action; and every facility afforded for the comfort and delight of the most respectable audiences, for whom alone the proprietors exclusively cater.

ADMISSION—Boxes 50 cents; Pit 25 cents. Children under 10 years of age, half price to Boxes. No half price to Pit.
☞ Performances to commence at 2½ and 7½ o'clock P. M. Doors open half an hour previously.

THE FINE ARTS.

SIGNOR VITO VITI, who for the last forty years has been known throughout the United States as an extensive importer of Marble Statuary, Alabaster Vases, Oil Paintings, Curiosities, and objects of Antiquity from Rome, Florence, Milan and Genoa, has sent to our City a number of packages of his beautiful wares, which are now in preparation, and in a few days will be ready for inspection. This is a rare chance for our Citizens to obtain articles of refinement for the decoration of their halls, parlors and sleeping apartments. Rich sofas, ottomans, &c., may partially effect that object, but they have not the refining influence possessed by Statues, Intaglios and Basso relievos.

The Signor's taste, matured by a practice of forty years in the famous galleries of Italy, and acknowledged by many of the most respectable citizens of Boston, Philadelphia, New York and New Orleans, will be a sufficient guarantee that each and every article will be adapted to the refined taste of the Ladies and Gentlemen of Milwaukee and vicinity.

I have rented, for the purpose of arranging the above articles, the Store Room formerly occupied by Messrs. Cowles & Ross. Due notice will be given when they can be examined and the day of sale.

DR. H. T. SEELEY, late of Chicago, has recently fitted up the large and commodious buildings, known as the National Hotel, at Kenosha, Wisconsin, and is now prepared to receive patients, who wish to be treated on strictly Hydropathic principles.

DR. SEELEY has had several years experience in this mode of practice, and the universal success attending it, thus far, enables him to say with confidence to those who are seeking the recovery of their health by this efficient method of cure, that he will guarantee as thorough and judicious treatment as can be obtained at any Water-cure in the United States.

The house is sufficiently retired to make it pleasant, and commands a fine view of the Lake. The water used is soft and pure. For further information, address

TO MILWAUKEE BUSINESS MEN AND ADVERTISERS!

Graefenberg Medicines
HAVE YOU USED THEM?

AS popular medicines, prepared carefully and scientifically, and adapted to the wants of the American public, they have no superiors. They are emphatically what they are represented to be, *genuine*, and free from *Humbug*, intended as much to *cure* as to *sell*. When once used, they are universally relied upon, and no *Family* should be without these truly valuable aids to *Health*. In many instances the *regular faculty* recommend and use them, such is their force over the prejudices of those so generally opposed to the circulation of POPULAR MEDICINES. *No Family Physician*, in ordinary cases, is needed by those who own the *Graefenberg Manual of Health*, and strictly abide by its directions in the use of the medicines.

A word to the *wise* is sufficient, without the publication of certificates, which we have of the most flattering description always open for the inspection of the incredulous.

We will enumerate in conclusion the various preparations of this Company, which may be found in every town in the State and throughout the Union.

THE GRAEFENBERG SARSAPARILLA, is purely vegetable, no *big bottle humbug*, or pleasant drink, but *as it should be, a Medicine* of the greatest power in promoting an entire change in the system, by eradicating those impurities of the blood which are the seeds of almost incurable disease in man.

THE GRAEFENBERG DYSENTERY SYRUP.—Public approbation has stamped upon it the character of *perfect*. It has checked the ravages of *Cholera* in its last stages, and for bowel complaints it has no equals.

THE GRAEFENBERG VEGETABLE PILLS, are particularly valuable for the prevention and cure of *Fevers* in general. They act gently, naturally and surely and in connection with our *Health Bitters*, are a certain and speedy cure for the Fever and Ague. The *Bitters* have a wonderful effect in invigorating a debilitated system.

THE GRAEFENBERG GREEN MT. OINTMENT.—In reducing inflamation, healing burns, bruises, and all injuries to the body, we can confidently recommend this salve to all as being most efficacious. In the *Mineral Region* of our State its merits are universally appreciated.

THE GRAEFENBERG EYE LOTION—An unpretending article, but one which meets with large sales in the West, and has been the humble means of relieving thousands from intolerable pain arising from injured or diseased eyes. Try it.

THE GRAEFENBERG UTERINE CATHOLICON.—This is perhaps the most valuable medicine of this Company, inasmuch as it reaches cases despaired of by the most scientific physicians. For Prolapsus Uteri, and all complaints incident to *Females*, it will be found a safe and speedy remedy. Let no *afflicted woman* be deterred by delicacy or prejudice from giving it a fair trial. Inquire of the agent for the pamphlet in relation to it.

THE GRAEFENBERG PILE OINTMENT, CHILD'S PANACEA, &c. are all invaluable remedies, directions for which and all the medicines are attached to each.

RICH'S SAFES AGAIN!
ELEVEN Safes of different makers consumed, with their contents! The Safe made by Rich & Co. defied the flames and brought out its contents without a mark of fire upon them!

MR. GILBERT'S LETTER.
[illegible]
New York, Dec 20, 1851.

Messrs. Stearns and Marvin, successors to C. Rich & Co., No. 146, Water Street, New York—Sirs, when the fire was consuming my place of Business, No. 251 Pearl street, I was absent in Rensselaer County, testing a new cleaning apparatus in connection with my Excelsior Thresher, and did not hear the account until I was told it was too late to save my books which were placed in one of your safes, purchased from Mr. Marvin some years ago. My fears were not allayed when I found it necessary upon my return to apply the Croton Water 40 hours before I was enabled to commence operations; after which it required 54 hours of labor and appliances to raise the Salamander from its fiery bed. You may judge of my anxiety during this delay, and my agreeable surprise upon opening the safe in the presence of a number of gentlemen, to find my books and papers saved, and as legible as they were previous to the fire. The intense heat to which the Safe was subjected, can be conjectured from the condition of another safe, (not a Salamander) of which an iron skeleton frame only remained, and not a vestige of a book. They were companions in the same office, on the second floor, from which they fell upon crates of earthen ware in the cellar, the ruined safe under the Salamander. If their position had been reversed, not even the skeleton would have remained. My loss over the insurance is $1,600, yet the salvation of my books in your Salamander with the representatives of $100,000, and important documents which could not be duplicated, has fully compensated me.

It will afford me great pleasure to exhibit the new safe purchased of you, and explain its merits, at my present office, No. 251 Pearl street, where I shall remain until the new building, No. 210, is erected.

Yours respectfully, JOSEPH G. GILBERT.

The undersigned invite country merchants and those interested in the preservation of their books from fire, and particularly those having Rich's safe in use to call at the depot, 146 Water street, New York, to see the interior of Mr. Gilbert's safe with the books undisturbed, which he has kindly permitted to remain for the satisfaction and gratification of the public.

PATENT MEDICINES.

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the clerk's Office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!
DR. J. S. HOUGHTON'S
GREAT DYSPEPSIA CURER!

THE TRUE
DIGESTIVE FLUID,
OR
GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of PEPSIN, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

PEPSIN is the chief element, or Great Digestive Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York; page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had resource to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject. His experiments with Dr. Beaumont, on the Gastric Juice, obtained from the living human stomach and from animals, are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician, and is used as a Text-Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for disease of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of PEPSIN, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of Indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER.

Dr. HOUGHTON'S PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Billious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury, and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating, and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in case of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's PEPSIN is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use Physicians, may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

☞ Observe this.—Every bottle of the genuine PEPSIN bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copywright and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicine.

It is also an excellent remedy and not surpassed by any medicine in use, for females suffering from uterine or nervous derangement.

IMPORTANT TO THE PUBLIC!

THE following advertisement was published in May, 1849, in the "Boston Daily Times," and various other newspapers in the United States, by James G. Wilson, Esq., the owner of the "Woodworth Patent," shortly after I had advertised my "PATENT STATIONARY CUTTER, PLANING, TONGUEING AND GROOVING MACHINES," throughout the United States:

"PLANING MACHINES.

"I take this method of answering the frequent inquiries by letter and otherwise, as to my opinion upon the various notices through the papers of the Stationary Knife Planing Machines attempted to be palmed off upon several persons ignorant of their true worth. I would state for the information of the enquirers that they will find such machines as the machine now offered by several pretending inventors described in the 10th volume of the Repertory of Arts, invented by Samuel Bentham, in the year 1791. A like machine was patented in this country [illegible] years since, and another one put up by Albert [illegible], of West Troy, N. Y., and abandoned about the same time. It ought to satisfy the public to know that after fifty-eight years experimenting upon these machines not one in use is of any value for the purposes contemplated.

I will furnish a Stationary Knife Machine equal to any now in use, or to any offered by the pretending inventors, at the cost of the machine and five per cent [illegible].

JAMES G. WILSON,
[illegible]

May 19, 1849.

I deny that any person ever saw or heard of such a machine as mine until I invented the same. Said machine was operated in the month of August, 1848, and no machine before this could do so much work, and do it so well as mine. In reply to the above advertisement, and in order that the public may be assured that I mean what I say, I will forfeit ONE THOUSAND DOLLARS [illegible] amount from said Wilson, that ONE of my machines will plane, or plane, tongue and groove with [illegible] lumber in the same time, and [illegible] TWO of the "Woodworth" machines. The trial to be made at my Steam Mill, Border St., East Boston, Mass., or at such other place as may be convenient for such a trial.

We would respectfully call the attention of our many friends, and the public generally, to an instrument we have recently imported from Paris, called a

"Conformateur,"

from which the above cut was taken. By it we can take the exact shape, and unerringly *fit* the most irregular heads. Many can testify to the inconvenience, and annoyance, and actual pain they are subjected to, in breaking in Hats that will not fit them. By this ingenious contrivance, this very great annoyance is done away; as the Hats are made to fit perfectly the first time.

Another great advantage is, by keeping a copy of the impression, we can at all times fit our customers from all parts of the country.

We invite all who desire a perfect fit in a Hat, to call and have an impression of their head; and all those who take pleasure in witnessing the inventions of the ingenious, to call and see the operations of this curious instrument.

Having adopted the CASH SYSTEM (which all will readily acknowledge to be the best,) we are enabled to sell the best Silk Hat made, at the extremely low price of $3,25; surpassing any $5 Hat sold in this city. Our Hats are all manufactured by ourselves, and in offering them to our customers we do so, with the confident assurance they are all we represent them to be. We invite all who do not wish to pay two profits upon a Hat, and are willing to save 25 per cent, to call and see us.

HAWKINS'
STAVE DRESSING
MACHINE.
PATENTED JULY 22, 1851.

THIS machine is now in successful operation at the shop of Wm. Hawkins in this city, and will dress Staves for

Packing, Flour and Whiskey
BARRELS,

and TIERCES or HOGSHEADS, at the rate of

600 Whiskey or 800 Flour Barrel Staves
PER HOUR,

straight, winding or crooked. In fact, any stave that can be worked by hand will be dressed by this machine, either for tight or slack work, from 22 inches to 72 inches in length, of any reasonable width, and *to any requisite bilge*, and in the most perfect manner. The stave passes through the machine a single time, is dressed by rotary cutters, and is then ready for the truss hoops. The dressing of the sides and jointing of the edge of the stave is performed perfectly. The machine is made of iron, is strong and durable, and is not difficult to keep in good order for use. Six horse power is sufficient to drive the machine with all the speed necessary.

The subscribers having purchased of Wm. Hawkins the patent right for the United States are prepared to sell rights for States, Counties, or for running single machines, and to furnish and set up the machines, warranted to perform perfectly. In the great saving of expense of transportation of dressed over the rough stave, the rapidity and perfect manner with which it performs its work, consists the value of this machine.

Satisfactory testimonials can be furnished if desired.

IN A FEW HOURS,
INTERNAL AND EXTERNAL.
IT WILL STOP
THE MOST EXCRUCIATING PAINS,
IN FROM THREE TO FIVE MINUTES!
AND HAS CURED

Rheumatism	In Four Hours.
Neuralgia	In One Hour.
Croup	In Ten Minutes.
Diarrhoea	In Fifteen Minutes.
Toothache	In one Second.
Spasm	In Five Minutes.
Cramps	In Five Minutes.
Sick Head Ache	In Fifteen Minutes.
Chill Fever	In Fifteen Minutes.
Chilblains	In Five Minutes.
Sore Throat	In Four Hours.
Influenza	In One Hour.

SPINAL COMPLAINTS, STIFF JOINTS, STRAINS, BRUISES, CUTS, WOUNDS, FROST BITES, CHOLERA MORBUS, DYSENTERY, TIC DOLOREUX, and all other complaints where there is severe pains, RADWAY'S READY RELIEF will instantly stop pain, and quickly cure the disease.

THE HUMAN FRAME

Is the most perfect masterpiece of mechanism in the universe. Every artery, muscle, ligament and bone, exhibits in its formation the wisdom of the Deity. Every joint and sinew works harmoniously with each other, and upon the natural performance of every function depends the healthful action of the whole.

PAIN

Disorganizes the whole system, it prostrates the nerves, it relaxes the muscles, it weakens the joints, it interferes with the functions of every organ, it checks the free and healthy circulation of the blood, it paralizes the absorbents, and renders them unable to take up and replete the wasted frame with sound material. From the very moment that this beautiful masterpiece of God becomes afflicted with pain, the influence is experienced throughout the whole system, no matter in what particular locality the pain may originate; whether in the Head, the Feet, the Back, the Knee Joints, the Elbows, the Teeth, the Gums, or the Stomach; whether it arises from internal derangement, or is the result of external injuries, still the pain exercises its influence throughout every portion of the human system.—Not a nerve or a muscle escapes its prostrating influence.

INSTANT RELIEF FROM PAIN

Is the great desideratum of every individual who suffers its tortures, no matter how light or severe its paroxysms may be. No one can feel happy while suffering its torments.

RADWAY'S READY RELIEF
In a few seconds
WILL STOP THE MOST DISTRESSING PAINS.

Its effects are like electricity; it arrests the most distressing pangs in a few seconds, its soothing, neutralizing and healthful influences thrill through every minute cell, membrane, and establishes the secretion of every gland in the system, subduing the most excruciating paroxysm of pain, and imparting strength and vitality to every organ.

NEURALGIA.
PAIN STOPPED INSTANTLY.

Radway's Ready Relief possesses an almost miraculous influence over the sharp darting pangs of pain of this cruel complaint. In a few minutes the pain-stricken sufferer experiences the delightful sensations of departing pain. It has cured thousands of cases in the city of New York, where many of them had been brought almost to death's door. The effects of the Ready Relief is to stop the pain immediately, to strengthen the nervous system, and supply the nerves with nervous energy and vitality, the loss of which is the chief cause of nervous pains.

DANGEROUS PRACTICE.

The use of Morphine, Strychnine, Aconite, Belladonna Arnica, and other poisons are not only dangerous but cruel. The effect of these poisons is not to cure the disease, or to remove from the system the pains, *but to deaden the nerves, to weaken and stop the nervous energy, to paralyze the functions of the nervous system, and to destroy sensation.* If this practice is continued for any length of time, the patient will not only waste away, but the brain will become paralyzed, and the intellect destroyed.

RADWAY'S READY RELIEF
IS FREE FROM MORPHINE,

And all other dangerous and narcotic influence. To the weak and paralyzed nervous system it imparts life instead of death, and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves, instead of the lifeless, sleepy and paralyzing effect which Morphine, and all other preparations containing this poison, produces on the system.

SICK HEADACHE.

Radway's Ready Relief will stop the most distressing pains in a few minutes, and prevent renewed attacks. It will cleanse and sweeten the stomach, and neutralize the poisonous acids of the system.

ALL BOWEL COMPLAINTS,

Diarrhoea, Dysentery,
Bloody Flux, Cholera Morbus,
Painful Discharges,

It relieves the most severe pains in a few minutes—checks the most distressing discharges, and

SPEEDILY REMOVES THE CAUSE.

RHEUMATISM.
PAINS RELIEVED IN FIVE MINUTES.

Radway's Ready Relief will stop the severe and excruciating pains of Rheumatism almost instantly. Persons are living in this city who, for months, were confined to their beds by Rheumatic pains, whose bones were unsound from top to toe, whose joints were distorted with painful swellings, that were relieved from all pain in 15 minutes by the use of Radway's Ready Relief. This is truth, and thousands in the city of New York, and hundreds of thousands in the United States, can answer for the truth of this assertion—we need no certificates of Cures—we publish no long list of names to prove the efficacy of Radway's Ready Relief, for the Citizens of almost every town in the Union, for the last four years, have tested it for themselves.

CHILL FEVER.
CHILLS STOPPED IN A FEW MINUTES—PAIN RELIEVED INSTANTLY.

Radway's Ready Relief acts like a charm in all cases of Chills and Fever. It breaks the chills immediately—warms up and invigorates with health and strength every organ and secretion of the system.

PAINS OF ALL KINDS.

Whenever you feel pain, apply Radway's Ready Relief—it is sure to relieve you in a few minutes. If you have pains in the Stomach, Intestines, in the Liver, Kidney's, Bowels, Joints, Bones, Radway's Ready Relief taken either internally or applied externally, will in a few minutes stop pain and quickly remove its cause.

BEAUTY.

Complexion richly tinted with the bloom of health,
With skin as pure and fair as Parian marble,—
Soft and sweet as the fragrant rose—
Teeth as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan like neck
No dark repulsive spots to mar the pleasing picture,
Or to cast dull shadows o'er beauty's master piece.

RADWAYS MEDICATED SOAP.

Composed of the most delicious, rare and fragrant gums,
Of extracts, oils, and costly essences—
Of flowers, roots, trees and oriental plants,
Possessing wondrous virtues o'er skin diseases.

TO THE COMPLEXION IT IMPARTS BEAUTY.

By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries,
By which all poisonous humors are ejected,—
And a healthy action to the skin restored,
To the teeth it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive and disfigured visage,—
To a clear and beautiful complexion.

RADWAY'S CIRCASSIAN BALM.

Imparts nutriment to the hair,—
Makes it strong, glossy, rich and luxuriant,
Cleanses the scalp from dandruff,—gives action to the bulbs,
Fastens the hair upon the scalp, and forces it to grow—
Like guano to a barren soil, it makes it rich and productive,—
To dress the hair, make it smooth and glossy,—
Strong and beautiful, &c.

Radway's Circassian Balm is the "ne plus ultra."

The Editor said, Dec. 31: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY.

One of the best literary papers published, said, August 25—"DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

The Daily Sun says:—"It is one of the best medicines of the age for Jaundice and Liver Complaint."

Neal's Gazette says:—"Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."

The Evening Bulletin says:—"The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints."

The Daily News, July 31, says:—"A Medicine—We speak knowingly of Dr. Hofland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the biliary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."

The Dispatch says:—"As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.
